Last week, we welcomed over 500 attendees to a sold-out Australian Wind Industry Forum, Australia's premier event for the onshore wind sector. Across 11 dynamic sessions, 55 expert speakers shared insights on everything from policy and planning to community engagement, supply chains and decommissioning.

A big thank you to everyone who attended and contributed to the day, and to our platinum partner, Goldwind. We're now looking ahead to our next major event, the Australian Offshore Wind Industry Forum on 3 June in Melbourne, a must-attend one-day event for anyone involved in the evolution of this burgeoning industry.

Keep reading to explore upcoming events and remaining [partnership opportunities](#).

Countdown to the Australian Offshore Wind Industry Forum

Less than a month remains until the Australian Offshore Wind Industry Forum on 3 June in Melbourne. This event features a packed agenda of industry insights, technical sessions, policy discussions and valuable networking opportunities, bringing together leaders and experts shaping the future of offshore wind in Australia.

Explore the [full program here](#). Highlights include:

- An in-conversation session with Victoria's Minister for Energy and Resources, the Hon. Lily D'Ambrosio
- A keynote address from Owen Wilson, Executive Director, Offshore Renewables Regulation at the Offshore Infrastructure Regulator
- A high-profile industry panel led by the Clean Energy Council, examining domestic and international opportunities, policy changes and strategies shaping the sector through 2025 and beyond
- Dedicated sessions on grid connection, engagement with coastal and regional communities and more

Spots are filling fast - secure your place today and make the most of our [social functions](#), including the forum dinner, to connect with industry leaders and experts in this growing industry.

Join the decision makers and industry leaders driving Australia's clean energy future

The Australian Clean Energy Summit returns to Sydney on 29–30 July at the International Convention Centre (ICC Sydney), bringing together the most influential leaders and voices of Australia's clean energy sector including leading CEOs and executive teams, government decision-makers and specialists.

Don't miss two days of powerful keynotes, expert panels and high-value networking, including the two most anticipated clean energy **social events** of the year:

- Women in Renewables Lunch, proudly sponsored by KPMG
- Gala Dinner, proudly sponsored by NAB

Join us and be at the centre of the national clean energy conversation.

Call for speakers to present at the Queensland Clean Energy Summit featuring large-scale solar and storage

The Queensland Clean Energy Summit featuring large-scale solar and storage, will take place in Brisbane on 15-16 September 2025.

Speaker submissions are now open for this two-day event, offering a platform to share your work, research or project outcomes with a highly engaged audience of clean energy professionals and stakeholders.

Whether you want to delve into the challenges and opportunities unique to the Sunshine State's clean energy transition or on Australia's large-scale solar and storage sector, we want to hear from you.

We welcome contributions across key areas including technology, construction, policy, research, social license and regional development. The program is developed by the industry's peak body to reflect the most timely and relevant issues shaping Australia's clean energy future.

Venue: Sofitel Brisbane Central

Dates: 15-16 September

Submission deadline: Friday 6 June
